

Red Nose Day 2026

FRI
31st
JULY

Red Nose Day is Cure Kids biggest annual appeal!

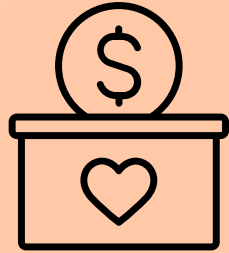

As New Zealand's largest charitable funder of child health research, Cure Kids has been driving ground-breaking advancements in paediatric health for over 50 years. Our work has led to several major breakthroughs, from key insights into common and rare childhood health conditions, to better care for children battling serious diseases. We've also helped discover new ways to diagnose, treat, and even cure conditions affecting children.

We support research across a broad range of child health issues, including cancer, cystic fibrosis, diabetes, rare genetic disorders, preterm birth, sudden unexpected deaths in infants, and mental health — to name just a few.

Your support this Red Nose Day will help us continue funding life-changing research, making a lasting difference in the lives of children and families across New Zealand.

Top ways to support Red Nose Day

**HOST A STAFF FUNDRAISER
AND MATCH THE TEAM'S
DONATIONS**

(WE HAVE SOME GREAT FUNDRAISING
IDEAS ON THE NEXT PAGE)

**DONATE A \$ AMOUNT WITH
EVERY PRODUCT SOLD**
